5. QUALITY COMMITTEE REPORT | Director Kliger, Quality Committee Chair, provided an overview of the discussion at the April 6, 2021, Quality Committee meeting: |  |
Discussion ensued regarding indicators moving away from target, which resulted in members inquiring how to decipher what metrics are in control versus out of control. It was agreed that there needs to be further education on this topic, given that it can be challenging to determine which metrics require greater attention and oversight.  

- The committee is strategizing on ideas to elevate the voice of the patients within the meetings and is an open topic for continued discussion.
- The committee reviewed and approved the FY22 strategic goals in principle; there was a divide between members regarding whether mortality should still be considered a strategic goal.

In closing, Director Kliger commended the leadership team and staff for their hard work to ensure a positive bonus on value-based purchasing and noted that El Camino Health received formal recognition for being outstanding in several nursing indicators.

### 6. FY21 PERIOD 8 FINANCIALS

Carlos Bohorquez, Chief Financial Officer, provided an overview of the FY21 Period 8 Financials. He noted that the third wave of COVID-19 case rises drove the financials for this period. He further highlighted the following:

- Given the increase in COVID-positive patients in January, there was a significant strain on operations to step up and address the community's needs first and foremost. This affected the ability to conduct elective surgery on the Mountain View campus, thus yielding unfavorable outcomes in revenue.
- The financial operating budget was prepared conservatively but is overall positive, and further mentioned that there had been a decrease in assets due to the opening of Taube and Sobrato Pavilions.

Mr. Bohorquez stated that despite the uncertainty and volatility in COVID volumes, ECH has successfully adjusted.

- Mr. Bohorquez explained that Q4 financials are currently being prepared and that COVID is being accounted for. However, since there is high hopes for the vaccine, a fourth wave has not yet been reflected in those financials.
- Mr. Bohorquez addressed the dip between the months of February and March, explaining that it is attributed to the overall volume in NICU (newborn intensive care unit). It tends to fluctuate, but nothing that could be identified as a spectacular trend.
- Mr. Bohorquez affirmed that the performance aspect of the report has been highly favorable in comparison to the budget. However, he also explained that there might be some challenges associated with the presumed fourth wave of COVID in the weeks to come. Dan Woods, CEO, added that the budget is submitted for regulatory reasons and that it would be unrealistic to assess the current financial performance to the budget. To get a better picture, they have been aligning current forecasts to the year prior, to account for and understand the true implications of COVID.

**Motion:** To approve FY21 Period 8 Financials.

### a. Proposed Resolution 2021-04: Proposed Temporary Suspension of El Camino Hospital Bylaws Article VIII. Section 8.3

Director Fung discussed the Governance Committee's recommendation to temporarily suspend the bylaw that requires that an officer shall not serve more than two consecutive terms for two years each as a chairperson. By allowing the temporary suspension, the current chairperson would serve for an additional year currently set to expire on June 30, 2021. Director Fung further explained that the purpose of this decision is to allow for continuity of the Board Leadership during COVID-19, and also to be able to implement the hospital's strategic plan, which is currently underway.

A brief discussion ensued regarding the strategic plan and timeline, succession plan for Board Leadership going forward, and further guidance from Attorney Colin Coffey.

Mr. Coffey, Counsel from Best Best and Krieger Attorneys at Law, brought about that the current Board could not bind a future Board in the outcome of any forthcoming election. Chair Chen then clarified that the Board would have a standard election as required by the law.
