### FY23 COMMITTEE GOALS AND PACING PLAN

**Executive Compensation Committee** 

The purpose of the Executive Compensation Committee (the "<u>Committee</u>") is to assist the El Camino Hospital (ECH) Hospital Board of Directors ("<u>Board</u>") in its responsibilities related to the Hospital's executive compensation philosophy and policies. The Committee will advise the Board to meet all legal and regulatory requirements as it relates to executive compensation.

### **STAFF**: **Deanna Dudley**, Chief Human Resources Officer (Executive Sponsor)

The CHRO shall serve as the primary staff to support the Committee and is responsible for drafting the Committee meeting agenda for the Committee Chair's consideration and for developing and disseminating in a timely manner management's recommendations to the Committee and appropriate supporting information to facilitate the Committee's deliberations and exercise of its responsibilities. The CEO, and other staff members as appropriate, may serve as a non-voting liaison to the Committee and may participate at the discretion of the Committee Chair. These individuals shall be recused when the Committee is reviewing their individual compensation.

### EL CAMINO HOSPITAL BOARD OF DIRECTORS COMMITTEE MEETING COVER MEMO

To:Executive Compensation CommitteeFrom:Bob Miller, ChairDate:June 13, 2023Subject:Appointment of Ad Hoc Search Committee to select new Community Member for<br/>Executive Compensation Committee

#### **Recommendation(s)**: (Motion Required)

To approve the creation of an Ad Hoc Committee to facilitate the search for a new community member of the Executive Compensation Committee.

#### Summary:

- 1. <u>Situation</u>: Due to the recent resignation of a community member, a committee position vacancy has been created. Per the Board's Charter, the Executive Compensation Committee shall be comprised of two (2) or more Hospital Board members. The Committee may also include 2-4 community members with knowledge of executive compensation practices, executive leadership and/or corporate human resource management.
- 2. <u>Authority</u>: Per the charter, new community members shall be appointed by the Committee, subject to the approval of the Board. All Committee appointments shall be for a term of one year, expiring on June 30, renewable annually.
- 3. <u>Outcome</u>: The Ad-Hoc committee will partner with leadership to post the opening and search for qualified candidates. Per past practice, all qualified applicants will be interviewed by the Committee. After the Committee selects the new member, the Committee will recommend the candidate for Board approval.
- **4.** <u>Outcomes</u>: Appoint the Ad Hoc Committee to facilitate the search for a new Compliance and Audit Committee community member.

#### **Suggested Committee Discussion Questions:**

- 1. What are the most important considerations in recruiting prospective candidates?
- 2. What are the Committee's expectations of the sub-committee?

### EL CAMINO HOSPITAL COMMITTEE MEETING COVER MEMO

To:Executive Compensation CommitteeFrom:Dan Woods, CEO and Deanna Dudley, Chief HR OfficerDate:June 13, 2023Subject:Proposed Fiscal Year 2024 Organizational Goals

#### Recommendation(s):

To review and approve the proposed Fiscal Year 2024 (FY24) organizational goals for the Executive Performance Incentive Plan, and recommend to the organizational goals to Board of Directors for approval.

### Summary:

- 1. <u>Situation</u>: Each year the Executive Compensation Committee (ECC) along with the other Board Committees review management's proposed organizational goals. The ECC will review and recommend that the Board approve the organizational goals as part of the Executive Performance Incentive Plan.
- 2. <u>Authority</u>: The ECC has the delegated authority from the Board to approve the incentive program for the individual executives. Further, the ECC recommends the organizational performance goals to the Board for approval.
- 3. <u>Background</u>: Each year, management aligns the budget and tactical planning to the organizational strategic plan to ensure alignment with the long-term vision of the organization. This effort culminates in annual organizational goals, of which a subset are chosen to be a part of the Organizational Performance (Incentive) Goals.
- 4. <u>Assessment</u>: The Vision 2027 Strategic Plan indicated the need for prioritizing three (3) key areas: 1) Physician Alignment, 2) Leadership in Clinical Programs, and 3) Expanding our Reach. Strategic Milestones were created to gauge implementation progress in achieving the vision of the strategic plan (attachment 1, page 2).

Management is utilizing "Pillars" to effectively implement the plan at all levels of the organization. These Pillars consist of Quality and Safety, Service, People, Finance, and Growth. Each pillar has specific measures, which are either directly taken from the strategic milestones, or are leading indicators which drive performance to the overall strategic milestones. These metrics constitute the Organizational goals (attachment 1, slide 3). A subset of these are selected for the Organizational Performance (Incentive) Goals (figure 1).

Further Explanation of Pillar Goals are provided below.

**Quality Pillar:** The Quality Pillar will monitor a revised Hospital Acquired Conditions (HAC) Index. The HAC Index incorporates measures which inform the strategic milestone of Leapfrog grades, and which ECH needs to improve performance. The proposed areas of focus are Clostridium Difficile (C. Diff.), Central Line Blood Stream Infections (CLABSI), Catheter Associated Urinary Tract Infections (CAUTI), and non-ventilator hospital acquired pneumonia (nvHAP). Performance in avoiding nvHAP does not directly affect our external ratings, but is the most common hospital acquired infection at ECH. Each of these measures is weighted to create an organizational index score. The Quality, Patient Care and Patient Experience Committee monitors the components that make up the composite score of the HAC Index

**Service Pillar**: ECH's value proposition indicates the need to provide the best healthcare experience in the Bay area. Management currently monitors dozens of metrics related to specific elements of each patients visit, both at the hospital and the ECHMN. Likelihood to Recommend is a proxy for Net Promoter score, and measures patients' loyalty to El Camino Health. Management feels this is the best metric available to measure how ECH is delivering on its value proposition statement, especially in comparison to others in the market. As indicated in Figure 1, employees that work at the hospital will be measured on hospital performance, and employees that work at El Camino Health Medical Network (ECHMN) will be measured on ECHMN performance. This is a change from prior years and aligns effort to the appropriate Strategic Business Unit. Current thinking around target setting methodology is to utilize Press Ganey's (patient experience survey vendor) proprietary calculator to identify a score *and percentile rank* that is in line with projected scores of other organizations nationally.

**People Pillar**: The Strategic Milestones list Employee Engagement as a governance level metric for the enterprise. Culture of Safety is an element of the overall employee engagement survey, and has been one ECH has underperformed on in the past. This underperformance is what has affected implementation of the High Reliability Organization work over the past couple of years. Management proposes maintaining this sub-metric for one additional year to preserve momentum in improving the culture, and return to overall engagement in subsequent years. Target setting methodology will including working with the survey vendor to identify statistically significant improvement and setting an improvement target accordingly. This will be done directly after the completion of the FY23 survey taking place in May - June, 2023.

*Finance Pillar:* The Finance Pillar metric is identical to FY23, and directly pulled from the Strategic Milestone of Operating Earnings Before Interest, Depreciation, and Amortization (EBIDA). This metric is allows the Board and management to monitor whether the investments made in growth are driving financial performance in areas which management can directly affect – operations. Though Operating EBIDA is projected to decline over the years due to revenue pressures and the shift from inpatient volumes to the outpatient settings. Additionally, poor growth investments will accelerate negative performance and be apparent in the Operating EBIDA performance. Management proposes using the budget for the targets.

### Individual Executive Strategic Pick Goals

In prior years, executives have been limited in which metrics they were able to select for their "strategic pick" goals. This year, management has further defined the organizational goals to allow a broader pool of metrics executives can select (figure 2).

|         | OBJECTIVES/                            | Benchmark                     |   | M                           | Measurement                 |                              |        |
|---------|--|-------------------------------|---|-----------------------------|-----------------------------|------------------------------|--------|

*Figure 1 – Proposed Strategic Pick Goal Measurement Definitions* 

Further explanations for these metrics:

**Service:** Third Next Available Appointment - taken directly from the Strategic Milestones. Availability to care is a major barrier to healthcare in the bay area. Management monitors many metrics related to access, and proposes Third Next Available Appoint (3NA) is the appropriate metric for measurement of performance. 3NA is a reflection of true appointment availability as it mitigates the potential noise of appointment cancellations, no-shows or other chance occurrences. Management set the targets above based on internal and external analysis, and current performance. Though external benchmarks are limited, evidence indicates that competing health systems are struggling to perform at the current targets.

*Finance: Operating Revenue* - Net Revenue will continue to be monitored at the Enterprise level, as the growth initiatives should be directly increasing the revenue received. Target setting methodology is to follow the budget setting process, and each target is based on the FY24 budget and are in line with the multi-year plans created in order to achieve the FY27 targets set as part of the Strategic Plan.

*Growth Pillar: Adjusted discharges* – This metrics incorporates both inpatient and outpatient (hospital based *and* ambulatory) volumes. It has frequently been an organizational goal, but has not previously been available for the strategic pick. Target setting methodology is based on the FY24 budget and multi-year plans.

*Growth Pillar: Ambulatory sites* – A major factor in ECH "Expanding our Reach" is creating access points closer to where patients live and work. Though not the only vehicle of achieving this, ECH is expanding its physical geographic footprint of ambulatory sites.

Proposed Fiscal Year 2024 Organizational Goals June 13, 2023

Target setting methodology for this metrics in line with tactical plans and current acquisition plans.

**Growth Pillar: Unique Ambulatory lives (Primary and Specialty Care)** – Also a strategic milestone, and an indicator of how well ECH is providing patient access channels to our community. This metric measures how many unique patients are seen at our Primary Care and Specialty care facilities within an 18 month period of time. Management utilized current performance and physician recruitment plans to define the target for this metric.

**Growth Pillar:** Aligned Providers – This metric is also directly from the strategic milestones. Another element of the strategic framework is "Physician Alignment." In order to provide the care to our community, we must have physicians aligned with the health system. This metric reports how many physicians and/or Advanced Practice Providers (i.e., Physician Assistants, Nurse Practitioners, Nurse Midwives, etc.) are aligned with ECH. This includes providers that are employed through the Physician Association (IPA). Targets are aligned with current physician recruitment plans related to our service line growth and IPA physician interest.

- 5. <u>Other Reviews</u>: The Finance and Quality Committees have reviewed the goals related to their respective areas.
- 6. <u>Outcomes</u>: The organizational goals approved by the Board of Directors will be used for the management performance incentive plan and employee engagement and recognition program as well as for executive performance incentive plan.

|                                     | Workforce – Employee Enga                                      | agement (ECHMN)                      | 3.6<br>(3 <sup>rd</sup> %ile)          | 3.85<br>(23 <sup>rd</sup> %ile) | 3.97                         | Top Quartile |

1. Definition of Unique Ambulatory Lives will change in FY24; Prior years were all ambulatory lives combined; subsequent will be bifurcated to Primary Care, and all other sites.

2. Inpatient Market Share is provided on an annual basis through HCAI hospital data

3. Outpatient Market Share is "noisy" data, and becomes more accurate over time. Management is evaluating additional ways to improve the analysis programing to remove noise more quickly.

# **Current ECH Hospital Board Compensation**

- Only the Hospital Board Chair receives a retainer; all other compensation is based only on meeting fees
- Hospital Board members also receive reimbursement of expenses, if any (such as travel, lodging or meals), relating to Board/Committee-related meetings or educational events funded by ECH
  - Mileage reimbursement is not provided to board members living in the district for travel to ECH

### **Hospital Board Compensation Elements:**

|                          | Member       | \$ Amount  |
|--------------------------|--------------|--|
| Annual Retainer          | Board Chair  | \$12,000 annually  |
| <b>Meeting/Event Fee</b> | Board Member | \$200 / board mtg; \$100 / committee mtg or event (max of 7/month) |

- Average FY23 Hospital Board member pay (excluding Chair) is \$3,311<sup>1</sup>
  - FY23 range is \$2,400 \$4,400<sup>1</sup>
  - Excludes District Board compensation<sup>2</sup>; see Appendix for District Board compensation details
- <u>Maximum</u> non-Chair annual pay is ~\$13,000 (based on 7 meetings/events per month; unlikely to be reached)

## **Benchmarking Approach**

- There is very limited current survey information on nonprofit healthcare board compensation. Mercer's review of market practice focused on the following:
  - 1. Nonprofit healthcare organizations in CA in ECH's size range ("Form 990 Group"): board member compensation as reported in the most recently filed Form 990 for each organization
    - Revenue ranges from \$675M \$2.6M (~1/2 to 2x that of ECH)
  - 2. Public health districts in CA: board member compensation/benefits as reported on publicpay.ca.gov
- As an additional reference, Mercer utilized:
  - 2016 Mercer Board Governance Survey for Healthcare Organizations
  - 2021-2022 NACD Director Compensation Report (mainly for-profit companies; referenced only for board pay *structure* but not board pay *amounts*)

# **ECH Hospital Board Pay Relative to Market**

• While most of the organizations do not pay board members, ECH's board compensation is low relative to organizations that do pay

|   | % Providing<br>Board Pay | % Providing<br>Board Benefits | Median<br>Board Member Pay*             | ECH Hospital<br>Board Average <sup>1</sup> |
|---|--------------------------|-------------------------------|---|--|
| CA Healthcare<br>Organizations (Form 990) | 37%                      | N/A <sup>2</sup>              | \$32,941                                | \$3,311                                    |
| CA Healthcare Districts                   | 44%                      | 22%                           | \$1,950<br>(\$3,395 including benefits) |  |

\*Based only on those organizations that pay board members. Median pay reflects non-Chairs

 Note that median pay for the Form 990 group (\$32,941) is similar to the median from Mercer's 2016 Board Governance Survey for Healthcare Organizations (\$31,600 median, based on the 24% that pay board members)

<sup>&</sup>lt;sup>1</sup> FY23 estimate based on actual July 2022-April 2023 fees plus estimated May/June 2023 (average of prior months); excludes Hospital Board Chair and District Board pay.

<sup>&</sup>lt;sup>2</sup> While Forms 990 do not specify whether benefits are provided, in Mercer's experience it is very rare for boards (whether nonprofit or for-profit) to receive employer-paid benefits. Public health districts are unique in this regard, as board members are considered W2 employees

# **Considerations for ECH Hospital Board Pay**

- Given the low prevalence of Board compensation, ECH's compensation is not misaligned with market
- However, paying only meeting fees is unusual. Most organizations pay a retainer only, or a retainer plus meeting fees, and there is a continued trend away from meeting fees
  - 2016 Mercer Board Governance Survey for Healthcare Organizations reported 51% prevalence of any meeting fees
  - 2021-2022 NACD Director Compensation Report reported only 17% prevalence of any meeting fees
- Consider a retainer in lieu of meeting fees, which would be simpler for ECH and board members
  - \$5,000 retainer would modestly increase total cost, and would not decrease pay for any Board members
    - For non-Chair Hospital Board members, FY23 pay ranged from \$2,400 \$4,400 (average was \$3,311)

|                 |   | Retainer-Only Examples |                 |  |  |
|-----------------|---|------------------------|-----------------|--|--|
|                 | Current   | Comparable to Current  | Higher Retainer |  |  |
| Meeting Fees    | \$200 / Board mtg;<br>\$100 / Committee/other mtg | None                   | None            |  |  |
| Member Retainer | None  | \$5,000                | \$10,000        |  |  |
| Chair Retainer  | \$12,000  | \$12,000               | \$25,000        |  |  |
| ECH Total Cost  | <b>\$41,800</b> <sup>1</sup>                      | \$57,000               | \$115,000       |  |  |

Mercer

<sup>1</sup> FY23 estimate based on actual fees July 2022-April 2023 plus estimated May/June 2023 (equal to average of prior months). Excludes District Board compensation (total including both Hospital and District Board compensation is \$46,812)

# **Total ECH Board Compensation**

**Including both Hospital Board and District Board** 

• Five of the 10 Hospital Board members also serve on the District Board, and therefore receive both Hospital Board and District Board pay

|              | Нс       |  |  |
|--------------|----------|--|--|
|              | Chair    | Non-Chair  | District Board                                     |
| Retainer     | \$12,000 | None   | None   |
| Meeting Fees | None     | \$200 per board mtg / \$100 per<br>committee mtg or event <sup>1</sup> | \$105 per committee mtg or<br>event <sup>1,2</sup> |
| FY23 Average |          | \$3,311  | \$1,002  |
| FY23 Range   |          | \$2,400 - \$4,400  | \$350 - \$1,911                                    |
| FY23 TOTAL   | \$41,80  | <b>0</b> (including Chair)   | \$5,012  |

<sup>1</sup> Maximum of seven paid meetings/events per month

<sup>2</sup> Will be increasing to \$110 per meeting/event

## **CA Healthcare Organizations (Form 990 Group)**

### Among organizations that pay Board members, median (non-chair) compensation is \$32,941

|   |                 |                        | Chair of the Board |                | Committee Chairs |             | Non-Chair Directors |                       |                     |                |
|---|-----------------|------------------------|--------------------|----------------|------------------|-------------|---------------------|-----------------------|---------------------|----------------|

## **COMPENSATION CONSULTANT FEEDBACK**

| Consistently demonstrates valuable expertise, technical depth, industry knowledge, leading edge ideas, and market-driven information to support decisions.   |  |
|--|--|
| Presents thorough, accurate analysis that is placed in the context of industry practice, market data, and the organization's compensation philosophy and practices.  |  |
| Anticipates emerging issues and red flags, and demonstrates initiative in understanding ECH culture, stakeholders, strategy, and success drivers.  |  |
| Brings new ideas on an ongoing basis, appropriately asks questions, shares divergent perspectives, and presents alterative solutions for consideration.  |  |
| Engages regularly and appropriately with key stakeholders. Produces clear, focused, accurate deliverables demonstrating understanding of audience knowledge and dynamics. Highlights and prioritizes critical points of materials for committee. |  |
| Understands reporting relationship; manages relationships between Board,<br>Compensation Committee, and management appropriately; maintains objectivity and<br>avoids conflicts of interest.   |  |
| Strives to build a long-term partnership; places organization interests ahead of their owns; understands perspectives of various stakeholders; appropriately challenges and questions.   |  |
| Establishes a methodical course of action and drives plan to completion according to agreed-upon ownership and timelines. Develops and adheres to a thorough process for working with management, Committee and Board.                           |  |
