October 2018 El Camino Hospital Comparative Balance Sheet Variances and Footnotes

- (1) The increase is due to annual insurance premiums for D&O, Property and Auto that are paid in July and amortized throughout the fiscal year. Also a quarterly pension funding was paid.
- (2) The increase is due to the District making a transfer from its Capital Appropriation Fund in support of the upcoming renovation to the Women's Hospital.
- (3) The increase is due to annual resetting of the 60 day Operational Reserve based on the new FY2019 budget that has started.
- (4) Decrease is due to the yearend accruals that were paid out in July and August.
- (5) Decrease is due a lesser number of days of payroll expenses and payroll taxes for October opposed to a full 14 day pay period that was needed for June 30.
- (6) Semi-annual bond payments of interest and principal were made on the 2015A and 2017 Bonds in August.
- (7) Increase in total Fund Balance is driven by y-t-d net income and that Capital Appropriate Fund transfer by District, discussed in item #2 above.

EL CAMINO HOSPITAL - BOARD DESIGNATED FUND DESCRIPTIONS/ HISTORY (1 OF 2)

- **Plant & Equipment Fund** original established by the District Board in the early 1960's to fund new capital expansion projects of building facilities or equipment (new or replacements). The funds came from the M&O property taxes being received and the funding depreciation expense at 100%. When at the end of 1992, the 501(c)(3) Hospital was performed by the District, the property tax receipts remained with the District. The newly formed Hospital entity continued on with funding depreciation expense, but did that funding at 130% of the depreciation expense to account for an expected replacement cost of current plant and property assets. It is to be noted that within this fund is an itemized amount of \$14 million for the Behavioral Health Service building replacement project. This amount came from the District's Capital Appropriation Fund (excess Gann Limit property taxes) of the fiscal years of 2010 thru 2013 by various District board actions.
- **Women's Hospital Expansion** established June 2016 by the District authorizing the amounts accumulated in its Capital Appropriation Fund (excess Gann Limit property taxes) for the fiscal years of 2014 and 2015 to be allocated for the renovation of the Women's Hospital upon the completion of Integrated Medical Office Building currently under construction. At the end of fiscal year 2018 another #6.2 million was added to this fund.
- Operational Reserve Fund originally established by the District in May 1992 to establish a fund equal to sixty (60) days of operational expenses (based on the current projected budget) and only be used in the event of a major business interruption event and/or cash flow.
- Community Benefit Fund following in the footsteps of the District in 2008 of forming its Community Benefit Fund using Gann Limit tax receipts, the Hospital in 2010 after opening its campus outside of District boundaries in Los Gatos formed its own Community Benefit Fund to provide grants/sponsorships in Los Gatos and surrounding areas. The funds come from the Hospital reserving \$1.5M a year from its operations, the entity of CONCERN contributing 40% of its annual income each year (an amount it would have paid in corporate taxes if it wasn't granted tax exempt status), that generates an amount of \$500,000 or more a year. \$15 million within this fund is a board designated endowment fund formed in 2015 with a \$10 million contribution, and added to at the end of the 2017 fiscal year end with another \$5 million contribution, to generate investment income to be used for grants and sponsorships, in fiscal yar it generated over \$1.1 million of investment income for the program.

EL CAMINO HOSPITAL - BOARD DESIGNATED FUND DESCRIPTIONS/ HISTORY (2 OF 2)

- Workers Compensation Reserve Fund as the Hospital is self-insured for its workers compensation
 program (since 1978) this fund was originally formed in early 2000's by management to reserve cash equal to
 the yearly actuarially determined Workers Compensation amount. The thought being if the business was to
 terminate for some reason this is the amount in cash that would be needed to pay out claims over the next few
 years.
- **Postretirement Health/Life Reserve Fund** following the same formula as the Workers Compensation Reserve Fund this fund was formed in the early 2000's by management to reserve cash equal to the yearly actuarially determined amount to fund the Hospital's postretirement health and life insurance program. Note this program was frozen in 1995 for all new hires after that date. At the end of fiscal year 2018, GASB #75 was implemented that now represents the full actuarially determined liability.
- **PTO (Paid Time Off) Liability Fund** originally formed in 1993 as the new 501(c)(3) Hospital began operations, management thought as a business requirement of this vested benefit program that monies should be set aside to extinguish this employee liability should such a circumstance arise. This balance is equal to the PTO Liability on the Balance Sheet.
- Malpractice Reserve Fund originally established in 1989 by the then District's Finance Committee and continued by the Hospital. The amount is actuarially determined each year as part of the annual audit to fund potential claims less than \$50,000. Above \$50,000 our policy with the BETA Healthcare Group kicks in to a \$30 million limit per claim/\$40 million in the aggregate.
- **Catastrophic Loss Fund** was established in 1999 by the Hospital Board to be a "self-insurance" reserve fund for potential non-major earthquake repairs. Initially funded by the District transferring \$5 million and has been added to by the last major payment from FEMA for the damage caused the Hospital by the October 1989 earthquake. It is to be noted that it took 10 years to receive final settlement from FEMA grants that totaled \$6.8 million that did mostly cover all the necessary repairs.
